Job Application for Software Engineer

Dear Mr./Ms./Dr. LastName,

The position you are pursuing _____

State immediately the position you are pursuing and how you came to know of the opening. If you have an alumnus, family or other contact at the organization, you can mention that here as well. Tell the employer briefly (one or two sentences) why you are interested in this position.

About Me _____

Explain the skills and experiences you have that will make you successful in that position. Talk about class you have taken, activities you have been involved in, summer experiences you have had. You do not have to have directly related experience but think about the skills you have gained from what you have done and how those could relate to duties of the position you are applying for. You do not want to repeat your resume to the employer in this paragraph but this is the place to highlight related accomplishments that will make the reader want to learn more, which will lead them to your resume. The goal is to show the employer that you have the confidence in your ability to succeed in the position.

Why Google? _____

Demonstrate that you have done some research about this organization. Go to their web site, look in industry periodicals (Ad Week, Wall Street Journal, Chronicle of Higher Education) and talk to alumni or other contact that may currently work for the organization. This research does not have to be extensive but it shows that you have taken some time to think about the position and put some effort into this letter. This makes a very good impression on employers. It shows that this is not a form letter where only the address and contact name is changed for each position.

Why Me? _____

Duis sit amet magna ante, at sodales diam. Aenean consectetur porta risus et sagittis. Ut interdum, enim varius pellentesque tincidunt, magna libero sodales tortor, ut fermentum nunc metus a ante. Vivamus odio leo, tincidunt eu luctus ut, sollicitudin sit amet metus. Nunc sed orci lectus. Ut sodales magna sed velit volutpat sit amet pulvinar diam venenatis.

Closing _____

State that you would welcome a personal interview to further discuss this opportunity. If you need to explain anything out of the ordinary on your resume, this is the place to do it. You might mention that if you do not hear anything from the potential employer in two to three weeks time that you will call to follow up this letter to see where they are in their process. Finish by thanking them for their attention and express a desire to meet them sometime in the near future.

Sincerely,

Fabian Bull
